TWENTY-THIRD ANNUAL
INSURANCE PROFESSIONAL
OF THE YEAR AWARD GALA

HONORING
MIKE CHRISTIAN

NOVEMBER 13, 2025
INTERCONTINENTAL BOSTON

MIKE CHRISTIAN

Mike Christian is the Founder and Chairman of Risk Strategies, a leading national risk management and insurance brokerage firm. He founded the company in 1997 on the premise that an insurance brokerage could be a business where a focus on employee and customer needs would create value and success. He served as its Chief Executive Officer until 2019, and then as its Chairman.

Mike was responsible for the development and execution of the company's business and growth strategy, recruiting, customer service approach, and mergers and acquisitions. He led the company from its start-up beginnings into a nationally prominent firm offering comprehensive risk management advice and insurance and reinsurance placement.

A native of California, Mike majored in philosophy at the University of California at Santa Barbara. He began his insurance career as an underwriter, and holds CPCU, CLU, and ARM designations. Before founding Risk Strategies, he was Managing Director for Alexander & Alexander/Aon and held leadership positions at Jardine Insurance Brokers, including serving on its U.S. Board of Directors. He was inducted into the Insurance Business America Hall of Fame in 2020. Mike is on the boards of the Council of Insurance Agents & Brokers and The Council Foundation.

A long-time Boston-area resident, Mike is known for his community service with non-profit organizations focused on children's causes, arts and entertainment, and education. For more than 25 years, he has served as Board President of Someone Else's Child, which supports youth causes throughout the United States, Central America, and Africa. He is the Managing Partner for Community Impact Ventures, a venture capital impact fund that provides financial support to social entrepreneurs and not-for-profit companies that have missions similar to that of Someone Else's Child. He also serves on the boards of Northeast Arc, Rwanda Youth Partners, Yiya Solutions, and Boston Explorers, a non-profit serving Boston-area kids and teens.

Mike is Chairman of the Board of the Boch Center/Wang Theater, is on the board of the Folk Americana Roots Hall of Fame, and is a board member of the Point32Health Foundation.

We congratulate Mike on his many insurance, business, and philanthropic accomplishments.

THE INSURANCE LIBRARY

What We Are

The Insurance Library Association of Boston was founded in 1887, just a few blocks from its current location on State Street in Boston's Financial District. It is the country's first and only remaining independent library dedicated solely to the subject of insurance.

The Library has a unique collection of print and digital insurance-related materials, including historic insurance policies and forms, journals and other periodicals, monographs, legal treatises, government reports, financial and statistical information, including A.M. Best Reports dating to 1900, and an extensive collection of Sanborn maps. The Library also has insurance memorabilia and artifacts reflecting the history of insurance.

The Library is open to consumers wishing to do on-site research, and we provide consumers referred to the Library by the Massachusetts Division of Insurance with pro bono research services by an experienced research librarian.

More Than Just a Library

While we are proud of our 138-year role as an insurance reference and research resource, we are more than just a library. Since its founding, the Library has evolved into a premier provider of insurance education programs and as a hub for insurance-related engagement and networking events.

The Insurance Library provides an array of education programs—including webinars and in-person classes, licensing exam preparation courses, and virtual or in-person custom in-house classes and courses for insurers, agents and brokers, and others. The Library is an approved provider of producer continuing education classes in all six New England states.

We also provide engagement events, including today's signature event—the Insurance Professional of the Year Award Gala—a biennial Insurance Library Scavenger Hunt, the Nancy Z. Bender Award for customer or community service, and our popular Summer Intern Program, which offers education programs, networking opportunities, and special events for summer interns and early-career professionals working for member organizations.

The Insurance Library

Based in Boston. National in scope.

More Than Just a Library

OUR MISSION & VISION

Our Mission

Our mission is to provide members of the insurance, financial security, risk management, and legal communities, and the public, with high-quality educational programming, opportunities for engagement and networking, and unique research resources and services.

Our Vision

The Library's vision is to be recognized as the preeminent nonprofit provider of such educational programs and other services, build upon our unique position as a hub for networking and engagement, and continue to expand our reach nationally.

-Donated to the Library in 2014 by Wallace E. Sisson-

The Insurance Library is a 501(c)(3) nonprofit corporation and public charity. We do not receive any public funds. We rely solely upon membership dues, revenue from our paid educational programs and research services, sponsorships of our major events and programs, and, most significantly, the generosity of donors to our annual fund.

As always, please do not hesitate to let us know how we may best serve your needs. If you have never visited the Library, please plan to stop by.

THE INSURANCE PROFESSIONAL OF THE YEAR AWARD

RICHARD B. SIMCHES,
FORMER LIBRARY PRESIDENT,
TRUSTEE, AND LONG-TIME
SUPPORTER

The Insurance Library's Insurance Professional of the Year Award annually recognizes an insurance professional who demonstrates outstanding leadership and exemplifies qualities that foster commitment to, understanding of, and respect for the insurance industry.

Richard Simches, the founder of Safety Insurance Company, served the Library for many years, including most significantly as its President and as Chair of the Library's Board of Trustees. Dick believed that it was important to recognize outstanding individuals in the insurance industry and, to that end, he

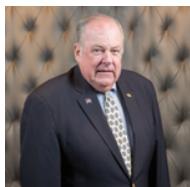

supported the renewal of the tradition of an award such as that given by the Boston Board of Fire Underwriters starting in the 1950s and continuing through 1996.

The Insurance Professional of the Year Award was first made possible by a provision of the Richard B. Simches Fund, which was established in 2001.

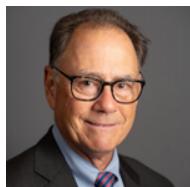

The recipient of the award is determined each year by a selection committee comprised of representatives of the Library and a cross-section of the insurance community. Among the criteria for the award are that the recipient has earned the respect and admiration of the insurance community and is recognized as honest, hardworking, and public-spirited. This year marks the twenty-third time the award has been given.

The Library is delighted to bestow the award this year on Mike Christian in recognition of his outstanding leadership, accomplishments, and passion for the insurance industry and his community.
